

Witney Solar Farm

You are invited to have your say

Ampyr Solar Europe (www.ampyrsolareurope.com) is developing a proposal for a solar farm and energy storage system on Witney Road, between Brize Norton and Curbridge.

This consultation is your opportunity to fully understand our proposal, ask us questions, and share your feedback on our proposal for a solar farm. We will consider all feedback received and use it to inform our proposal. We would also like to hear suggestions on how we can deliver community benefits through the scheme.

The consultation is running until 23:59 on 29 September 2024. You can share your views on the project in one of the following ways.

Online: using the online form at www.witneysolarfarm.co.uk

Email: using the scheme email address contact@ampyrsolareurope.com

Post: using the scheme Freepost address, Freepost ASE

At the event: by filling in a hard copy form and submitting it to a member of the project team.

Our Proposals

1. To what extent do you support renewable energy in the UK?

- | | |
|---|--|
| <input type="checkbox"/> Strongly support | <input type="checkbox"/> Slightly oppose |
| <input type="checkbox"/> Slightly support | <input type="checkbox"/> Strongly oppose |
| <input type="checkbox"/> Neutral | <input type="checkbox"/> Don't know |

2. To what extent do you support our proposals for a new solar farm on Witney Road?

- | | |
|---|--|
| <input type="checkbox"/> Strongly support | <input type="checkbox"/> Slightly oppose |
| <input type="checkbox"/> Slightly support | <input type="checkbox"/> Strongly oppose |
| <input type="checkbox"/> Neutral | <input type="checkbox"/> Don't know |

3. Please use the space below to provide any comments to explain your answers to questions 1 and 2.

4. We are exploring ways in which our proposals can generate benefits for the local community, and some details about our ideas are given in our consultation materials. Please tick below any of the options you would be interested in seeing delivered.

- ☐ A Community Benefit Fund to support local projects, initiatives, or community cooperative electricity
- ☐ A Community Energy Co-operative, to enable locals to benefit from long-term savings from a local green source.
- ☐ Creating opportunities for local businesses in the supply chain

5. Please use the space below to provide any other suggestions on how we can support the community as part of the proposals.

6. Please include anything further you think we should consider when developing our proposals in the box below.

About You

The questions in this section will help us to understand the audience reached by the consultation. Your answers will only be used for the purpose of informing the analysis of this survey and will be treated confidentially.

7. What is your connection to the scheme?
